

Economy Standpipe Covers

Low cost for budget limited projects

The Economy Standpipe Covers provide a cheaper, lightweight alternative to the heavy duty FTS Standpipe Covers:

Features:

- Aluminium well ID tag with "Groundwater Monitoring Well, Authorised Access Only"
- High vis yellow coating which is highly UV stable enabling colours to remain vibrant and durable for many years
- Made using recycled plastic material for sustainability
- Lightweight (4.5mm wall thickness) and easy to install. Ask us about heavy duty alternatives
- One way security screws to deter tampering
- Padlockable
- Safer to use than steel with no sharp steel edges
- Unlike steel covers will not rust
- Longer lengths available upon request

Ordering Information:
